DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on May 10, 2004 has been entered.

Allowable Subject Matter

2. Claims 1, 3-11, 13-21, and 23-30 are allowed.
3. The following is an examiner's statement of reasons for allowance:

U. S. Publication 2002/0130807 to Hall et al. in view of U. S. Patent No. 4,952,193 to Talwar are references closest to the claimed invention. Hall et al. in combination with Talwar disclose an apparatus for identifying data loss in a transmission system, comprising: a memory that store executable instructions; and a processor that executes the instructions to: shifting one of a received waveform and a transmitted waveform, the transmitted waveform being a first signal that is transmitted from a transmitter to a receiver over a transmission medium, the received waveform being a second signal that is received by the receiver from the transmitter over the transmission medium; determining differences between the transmitted and received waveforms at various shift points; and identifying a smallest of the differences between the transmitted and received waveforms. However, Hall et al. in combination with Talwar do not

teach generating a plot of the differences relative to the shift points; wherein the smallest of the differences comprises a low vertex point on the plot; and including all of the other limitations in the respective independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
